Lead local and industry developer networks with their engineers who engage through meet-ups, advocacy, and the RISC-V Ambassador program

Showcase RISC-V products, services, training, and resources on RISC-V exchange

The computing frontier is evolving rapidly with an explosion in demand for custom processors — specifically 62.4 billion RISC-V CPU cores by 2025!

Membership benefits for you in these areas:

Technical Deliverables

- Guard against fragmentation
- Manage and progress technical deliverables through work groups and development team
- Administration process and initiation of technical work groups
- Member sandbox portal

Compliance + Verification

- Develop self serve testing and compliance program
- Develop compliance verification formal service

Visibility

- Drive constant drumbeat of member and foundation visibility through multiple media
- Engage in industry events and host Foundation events
- Strategic visibility through industry forums, analysts, and media

Learning + Talent

- Develop multi-level learning modules
- Connections for universities, professors, and course material
- Badge and skill level certification
- Online and event forums for talent matching

Advocacy + Outreach

- Establish technical advocate program
- Geographic and domain specific advocate-led engagement via formal and informal events and opportunities
- Establish alliances with other organizations

Marketplace

- Provide online marketplace of providers and products
- Offer RFP matching to members

3. **Please note.** If you are signing up as a Community **Individual** member, please use an email address that is not affiliated with any company or organization.

4. Once you complete the steps for membership through the following link, a membership agreement will be electronically generated for your signature via Docusign. After you sign electronically, the membership agreement is routed to RISC-V International to countersign, and then Docusign will provide you with an electronic copy for your records. An invoice will be generated automatically.

5. For existing RISC-V members, it is necessary to sign up for membership in the new organization: RISC-V International. Existing members will not automatically be transitioned to the new RISC-V International. Once you complete the new sign-up process, your prior RISC-V membership will be terminated and replaced with your RISC-V International membership. Any membership dues paid on prior membership will be pro-rated and any remaining balance will be applied to your new membership, you'll see this in the invoice sent after completion of sign-up. Please click on the appropriate link below for organization or individual membership.

6. For new members, please click on the appropriate link below for organization or individual membership.
